ATTENTION: Important Leadership Update from CCEDA

February 12, 2025 – After careful and lengthy consideration, the California Community Economic Development Association (CCEDA) Board of Directors has made the difficult decision to part with its Executive Director Roberto Barragan.

CCEDA has been providing training and technical assistance to community-based organizations (CBOs) for more than 40 years, helping create tens of thousands of jobs and building a more equitable society. CCEDA is continuing its mission-based work through its dedicated staff and network of consultants.
